Also on 01 November 2000, a "Transmittal Letter to the United States Designated/Elected Office (DO/EO/US) Concerning a Filing Under 35 U.S.C. 371" was filed for this international application by counsel from Texas Instruments Incorporated accompanied by payment of the basic national fee. On 22 February 2001, applicant was mailed a "NOTIFICATION OF MISSING REQUIREMENTS UNDER 35 U.S.C. 371" (Form PCT/DO/EO/905) informing applicant of the need to provide an oath or declaration of the inventors, in compliance with 37 CFR 1.497(a) and (b), identifying the application by the International application number and international filing date. This notice corresponded to application 09/674,577 and was mailed to Texas Instruments Incorporated.

On 04 May 2001, applicant responded by filing an executed declaration and power of attorney appointing Texas Instruments Incorporated as agent accompanied by a request for a two-month extension of time and payment of the \$390.00 extension fee.

### DISCUSSION

As is evident from the above recited facts, two sets of papers to enter the national stage have been submitted for international application number PCT/IL99/00228 (United States application numbers 09/674,424 and 09/674,577). The end result for an international application designating the United States of America is a single U.S. national stage application. Therefore, the submission of two sets of national stage papers to enter the United States was improper.

As noted above, the documents filed in 09/674,577 include a declaration executed by the inventors. This declaration includes appointment of counsel. The documents filed in application number 09/674,424 do not include a declaration nor a power of attorney. Accordingly application number 09/674,577 will be treated as the United States national stage application for international application PCT/IL99/00228.

### CONCLUSION

This application is being forwarded to the National Stage Processing Division for further processing in accordance with this decision, namely, 1) Transferring the papers filed on 01 November 2000 in application number 09/674,424 to the present file, 2) Crediting all fees paid in
